Course Overview

Velopi's PMP® exam preparation course supports you from the PMP® application process right through to success at the PMP® certification exam. This course provides a detailed exploration of the syllabus and will explain the exam policies and procedures. Using sample exams covering the core exam material you will be exposed to questions having the same format as those in the actual exam. You will get post-course support from the PMP® certified tutor and have unlimited access to our Exam Simulator which provides full trial exams to ensure you are well prepared to pass the PMP® exam.

Who is this course suitable for?

Project Managers and other individuals preparing to take the PMP® exam and seeking expert guidance on exam strategy, hot topics, sample exam questions and after-course support to ensure they obtain the PMP® certification.
